

CET Individual Member Benefits

Individual Members have exclusive access to:

- Copies of presentations and pre-publication release of research outcomes,
- Quarterly CET electronic Newsletters, and
- Early access to non-proprietary research outcomes and ideas in a user-friendly format.

Individual Members also:

- Receive a 30% discount on CET delivered Training Courses and 20% discount on externally delivered courses, on their first course (one course per year),
- Receive preferred access to CET research staff and distinguished visiting researchers,
- Benefit through opportunities to network with students through seminar series and networking functions for Members.
- Are eligible to join the University Club of Western Australia. Members are not required to pay joining fees for individual categories of membership.
- Pay their UWA Sport Club membership at UWA staff price.

Individual Members are also invited to the annual CET Corporate Membership Day on the University of Western Australia campus with presentations of the latest research outcomes applied to Mineral Exploration.
